

# Roll and Write Numbers

## INSTRUCTIONS

### Materials needed:

1 or 2 dice showing 0-5 (cover  with piece of mailing label)  
Roll and Write sheet per student  
Sheet protector and dry erase marker (if reusing sheet)

### Instructions:

#### **For Roll and Write Numbers 0-5 (one die)**

Partner A rolls die and traces the first (bottom) number on their page that matches.

Partner B rolls die and traces the first (bottom) number on their page that matches.

Partners continue to take turns rolling and writing, starting from the bottom of the sheet. The first partner to fill one column to the top wins.

#### **For Roll and Write Numbers 6-10 (two dice)**

Partner A rolls both dice, adds the total and traces the first (bottom) number on their page that matches the total shown on both dice.

Partner B rolls both dice, adds the total and traces the first (bottom) number on their page that matches the total shown on both dice.

Partners continue to take turns rolling and writing, starting from the bottom of the sheet. The first partner to fill one column to the top wins.
